SUMMARY

A self-driven, positive, and flexible person whose mission is to create a safe space in the community where everyone is understood and accepted. Looking to impact lives with a smile by being the light where it is dim. Currently pursuing an honors degree in Software Engineering.

EDUCATIONAL BACKGROUND

African Leadership University– Kigali, Rwanda

September 2022 – Present

BS. Software Engineering

Relevant Coursework: Full stack web development; Front end web development

PROFESSIONAL WORK EXPERIENCE

ICT Intern

September 2019 - December 2019

Ministry of Health, Kimilili Sub-County Hospital – Bungoma, Kenya

- To manage hospital documents well and make them easily accessible, did coding and indexing of files and other official hospital files
- Did social media management for the hospital's Facebook page, which was dormant for a long time, and updated it weekly, making it live again
- Engaged in the maintenance of computers, ensuring that we had many machines working, which made work more accessible at the hospital

EXTRACURRICULAR ACTIVITIES

Writer

January 2021 - Present

Member of the writing club in high school where I wrote articles for school magazine and blogs for the school.

Volunteer, Back up Strong

July 2020 - August 2020

Member of Back up Strong, where we mentor peers who are dealing with mental health issues and give hope to the youth

Volunteer, The Ministry of Health

September 2021- October 2021

Participated in the community health volunteer service to campaign door to door for the importance of child immunization in marginalized communities
